Is everyone ready for a great seminar with Laurie Speltz next month? The projects are going to be so much fun using all of her stencils to build the designs. I will miss all the fun so have a great time and learn a lot. Carol has done a super job of putting this together for us. If you need any information or to sign up just give her a call. Suzanne is arranging lunches and snacks. Thank you Carol and Suzanne.

If you missed the meeting last month, then you missed the owls. They are so cute. Diana, thank for teaching such a fun class. I even finished mine. We are so privileged to have great teachers willing to share their talents with us at our meetings. If you would like to lead us in a project, please contact Sharon Mayo to get on the list.

See you next month. Until then enjoy the seminar and happy painting.

May Project – Stroke work by Leslie Landis

Hi everyone,

For our May paint-in, we are going to do some rosemaling and concentrate on stroke work. The piece shown has line work and special effects that I will explain for you to do at home if we run out of time (which we will!).

You can paint on a piece, board or cardboard. The tracing is 8” wide and 9” long.

The project is monochromatic and you can choose one of three background colors. The paints listed are Jo Sonja but feel free to substitute. I teach very freely.

**Supplies:**

#4 Flat, #1 Liner, Jo Sonja Retarder (or extender) , Jo Sonja Flow Medium (or water)

Practice Paper
